

## Regulations for boats and canoes

(excerpt)

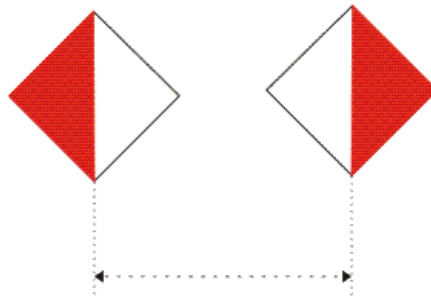

- The driver of the canoe is the cox (sits in the back of the canoe).
- Everybody in the canoe must obey the leader's instructions to keep the safety and the order of the canoe.
- The canoe must move with the proper speed considering the weather, the ship routes, traffic and safety.
- If two canoes (or ships) are crossing each other's way and collision may be possible, the one which see the other one from his right side must change the direction.
- BUT, the canoe must give way to every other vehicle (boat, ship, ferry...).
- The canoe (or boat) can turn around only if he is convinced about not forcing any other boat to change his speed or direction rapidly.
- If it is obviously safe the canoe (or boat) can overtake the other one from both sides.
- In case of meeting a boat or canoe approaching from the opposite direction, the descending canoe or boat must let the ascending canoe or boat to pass next to the river bank. If one of the canoes must change the direction the ascending canoe must change it.
- It is forbidden to drag (pull) any anchor, rope or chain.
- Everybody must pay attention:
  - To avoid the pollution of the water
  - To decrease the amount of litter as much as possible
- The canoe can not cross the way of a ship or a ferry if the distance is less than 500 m.
- The canoe can not approach a ship or ferry from the side closer than 30 m.
- The canoe can not approach a ship or ferry from the back closer than 60 m.
- It is prohibited to go:
  - Behind a docked swimming object
  - Among the dock's accessories
  - Under the cables of the ferry
- The canoe can not approach a person in the water closer than 10 m (except when rescues).
- If the canoe have to go closer to the person in the water because of the size of the river, the canoe must slow down the speed to 5 km/hour, and pass without disturbing.
- Canoes can not be used in the water at night or under poor visibility circumstances.
- It is prohibited to stand up in the canoe.
- The driver of the canoe has to know the swimming ability of the members.
- People younger than 16 or not able to swim have to wear the life jacket while being in the canoe.
